2nd September 2026

Dear Parents, Carers, Learners and Colleagues,

I am incredibly pleased to share with you the report following our recent Ofsted inspection of South Wigston High School (June 2026).

There is much within the report to celebrate, but what makes this moment particularly special is how we have got here. We have moved forward together.

Our learners have embraced higher expectations and shown real ambition and determination. Our colleagues have worked with enormous commitment, care and belief in our young people, while you, our parents and carers have supported us, challenged us and trusted us. Every part of our community has played a part.

We have worked hard to create a school where young people are known, valued and included, while being challenged and supported to achieve their very best. For our culture of care and inclusion to be recognised and celebrated is particularly special.

Since the inspection, we have also seen a significant uplift in our summer results across the board further evidence of the progress being made and, most importantly, better outcomes for our learners.

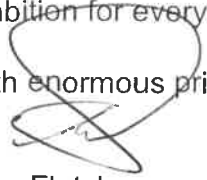

We are enormously proud, but we also know there is more to do. We see this report and our improved results as a new foundation from which to build, and our ambition for South Wigston continues to grow.

So, quite simply, thank you to our learners, families, colleagues and wider community. This improvement belongs to all of us.

We have moved forward together, and together we will continue to build upon it.

Ambition for every learner, every lesson, every day.

With enormous pride and thanks,

Sara Fletcher
Principal
